

CDt-XR

The CDt-XR is our class leading CD transport, bringing together years of development and building upon the legacy of our multi award winning CD players. Housed within our iconic half-width chassis, listeners of the CDt-XR will notice a dramatic lowering of the noise floor, bringing enhanced clarity and nuanced detail to their cd collection.

PRODUCT FEATURES

Servo Evolution

The Cyrus philosophy for reading CD has always been the same- read it once and read it accurately. The latest iteration of Cyrus SE technology in the CDt-XR does exactly this, streaming the data from the disc to the audio processing circuitry with precision and accuracy.

Power supply design

As with any CD player, the performance of digital CD transports benefits greatly from high quality, stable power supplies. In the case of the CDt-XR, the digital control circuits run from a dedicated, high-efficiency power supply. A high capacity linear supply feeds separately to the SE circuit, the digital master clock, the digital audio output driver, the PLL master clock and the drive motors through independent regulation channels.

PSU-XR port

The CDt-XR includes a port for the all-new PSU-XR power supply upgrade. Thirty years ago Cyrus broke new ground with the introduction of the PSX-R, the first ever regulated power supply upgrade that automatically adapted to match perfectly the power requirements of any connected product. The PSU-XR raises the bar by sourcing no less than five independent regulated supplies in a single box. For the CDt-XR the PSU-XR is employed to reduce dynamic loads on the internal power supplies and enable these to run under more stable conditions.

Connectivity

The CDt-XR includes both optical and SPDIF coaxial digital outputs fed from a dedicated digital audio output driver.

PRODUCT SPECIFICATIONS

- Digital CD transport
- Servo Evolution technology
- Optical and coaxial outputs
- PSU-XR upgrade port
- User upgradeable firmware
- iR14 Remote control included
- Size (H x W x D) – 75 x 215 x 355 mm
2.95" x 8.46" x 13.98"
- Weight 3.7kg (8.3lbs)
- EAN 230V 5060019434242
- EAN 115V 5060020434334

The Cyrus CDt-XR is one of the clearest examples of the 'less is more' philosophy in audiophile HiFi.
